GRILLFLAME

SG1A In the last set of viewings given to me concerning [REDACTED] two viewers proposed that [REDACTED] would die within the next two years.

SG1A

Specifically, the following was said in the sessions cited:

Per Session DCC-24, Viewer #10.5 - "I don't think the guy's gonna be around.... When you first asked me to go a year from now I had a ,the thing with the marble type fireplace mantelpiece and outdooriness and everything. I felt as though he was dead and I was in a cemetery because there was a feeling of a grassy blanket outside and rectangular hole in it that was at a cock-eyed angle. I didn't know what it was at first until I laid it down. I didn't know what the hell that was. And then I saw the marble thing. That was at a weird angle on the right side. I thought it was a fireplace mantel piece and then I began to realize that it was a mausoleum type facement...is what it could've- another thing it could've been."

Per Session DCC-25, Viewer #27.5 - "And I just, you know, I just get the impression, I don't think he's, uh, I don't think he's there in two years and one year. I think he's dead, personally. It's either that or he's an astro-physicist and he's really spaced out two years. But I don't think he's alive in two years. I think he's dead. I think he's dead in one year."

Can the viewers provide anymore details on the possible death of [REDACTED] To aid in following up on their visions, it would be useful to know the date, location and circumstances of the death.
